## PROFESSIONAL SUMMARY

---

Aspiring AI Analyst and Prompt Engineer with strong problem-solving, data handling, and communication skills. Experienced in working with structured datasets, identifying patterns, and applying logical thinking to real-world problems. Basic exposure to AI tools, prompt design, and output optimization. Seeking entry-level roles in AI operations, prompt engineering, and data analysis.

## CORE SKILLS

---

- Prompt Engineering & Prompt Optimization ( AI Tools)
- Data Analysis & Pattern Recognition
- Basic NLP Concepts & AI Workflow Understanding
- Problem Solving & Logical Thinking
- MS Excel, Data Handling, Documentation

## PROJECT EXPERIENCE

---

### Chronic Kidney Disease (CKD) Prediction Project

- Analyzed healthcare dataset to identify patterns and support early prediction of kidney disease conditions
- Applied structured data analysis and logical modeling techniques
- Interpreted results to derive meaningful insights for decision support

### IPL Data Analysis Project

- Processed large datasets and identified trends using analytical methods
- Extracted insights to support data-driven understanding

### AI Prompt Engineering Practice

- Designed and refined prompts using AI tools to generate structured and accurate outputs
- Improved response quality through prompt clarity and iteration
- Demonstrated understanding of input-output behavior in AI systems

## INTERNSHIP EXPERIENCE

---

### APSSDC Data Analysis Intern

- Processed and organized datasets with accuracy and attention to detail
- Identified patterns and supported reporting tasks

### SkillDzire Intern

- Collaborated with team members to complete tasks within deadlines
- Demonstrated consistency and accountability in assigned work

## EDUCATION

---

|                                                             |           |
|-------------------------------------------------------------|-----------|
| <b>B.Tech (CSE)</b> Tirumala Engineering College            | 2023–2026 |
| <b>Diploma (Civil)</b> Sai Tirumala NVR Engineering College | 2019–2022 |
| <b>SSC</b> Sri Chaitanya Techno School                      | 2018–2019 |

## CERTIFICATIONS

---

AI Fundamentals (Self-Learning)    —    MS Excel (Data Handling)    —    Communication Skills

## ADDITIONAL DETAILS

---

Languages: English, Telugu, Hindi  
Interests: AI Tools, Prompt Design, Data Analysis
